

## **BISA LEWIS TESTIMONIAL VIDEO TRANSCRIPT**

Hi, I'm Bisa Lewis, and I'm an Early Learning Consultant and Trainer. I do a little bit of a lot in the field, but my primary focus is preparing Early Learning Practitioners.

I have been impressed with the work of ProSolutions Training since its existence. The staff is always so professional and extraordinarily competent in everything they do. When it comes to quality professional development, I jump on a big soapbox because I have been in the trenches as a teacher, as an administrator, and now at the preparation level.

I've directed four child development centers, and finding quality training was always an issue. Training isn't about quantity, it's about quality! Even as an entrepreneur, finding partners with the same perspective of quality versus quantity has sometimes been difficult, but I've been totally in awe with the work and training products developed by ProSolutions Training.

Words cannot express how excited I am and pleased I am for my company, Ideal Early Learning, to be a partner with ProSolutions Training. Our clients are so pleased with their online CDA and CDA Renewal courses. I searched for several years, piloting online training programs from several states, but by far, the courses prepared by ProSolutions Training were the best. The search is over!
